

Nifty Likely to Head Towards 10,300 Level

There is limited upside for the market in the near term and weakness in the broader market may continue in June, said technical analysts. The Nifty may face resistance in the 10,750-10,800 range, they said, adding that Cholamandalam Investment and Finance, Nestle, KPIT Tech and Maruti are showing strength, while Ajanta Pharma, BEML and MRPL can be looked at on the short side.
